Don't miss your opportunity to be a part of this year's Montclair Film Festival

➤ Festival Dates: October 21–30, 2022

Last year's **10th annual Montclair Film Festival** was in-person and hosted over tens of thousands of patrons, filmmakers, and celebrities for a full 10 days of thought-provoking films and celebrity conversations. Now in October, the festival plays a role in shaping awards season, hosting advance screenings of Oscar®-winning films like BELFAST, DRIVE MY CAR, and THE POWER OF THE DOG, alongside numerous films that received nominations for prestigious industry awards.

In 2022, the festival will have all of the energy and excitement of pre-pandemic years. Our programming team will curate content guaranteed to be the talk of the town. The catalog is the community's guide to the event and will be distributed weeks before the festival throughout northern New Jersey. Community members seek out the Montclair Film Festival catalog using it to plan their experience at the ten-day festival. Packed with content including movie descriptions and schedules, patrons refer to the guide again and again before, during, and after the festival.
