PROGRAMS FOR EMERGING TALENT

Our Emerging Screenwriter (ESC) and Filmmaker (EFC) Competitions showcase the talents of students in Grades 6–12, celebrating the creativity and commitment of New Jersey’s young artists. Meanwhile, our Student Cinema Collective provides a platform for students to come together to screen and discuss cutting-edge films with their peers!

It's always great to talk to all the other student filmmakers and it's really fun watching all the films on the big screen. Seeing so many people that have a passion for film is inspiring. —EFC Student Winner

505 FILMS + FRIENDS

At Montclair Film, everyone has the chance to learn about and enjoy film. 505 Films + Friends is an inclusive club where young adults of all abilities can gather in a safe, positive, and thought-provoking environment to engage socially through the viewing and discussion of films.

► Classes + Workshops

I had such a great experience in filmmaking — I learned how to work with a crew, how to edit on a computer, and I made a lot of friends. —Teen student

I loved that the class was immersive and we learned important skills that we can use later in life. We attempted all of the different roles you take when making a film, which is good so you can figure out what you like. Be prepared for lots of fun and new friends.

► For Educators

Film Field Trips Montclair Film offers a variety of programs for middle and high school educators and students. Our Impact Series features curated films that spark conversation on key topics like STEM, social studies, and media literacy, followed by discussions with filmmakers and industry professionals. We also offer customizable Film Field Trips to fit your curriculum needs.

Hands-on Workshops We provide hands-on workshops in areas like filmmaking, podcasting, and special effects make-up. These workshops are tailored to meet curriculum needs and can be held in your school or at our facilities in Montclair.
